Your hostess Alicia is an avid traveler, a small airplane buff, and a seasoned motorcyclist. She is also an amateur naturalist and a gardening enthusiast - as evidenced by the surrounding flower, herb, and vegetable gardens at Amazing Grace. Making music is a popular pastime here in her home. The piano is always available in the common room for our guests.

We invite you to enjoy our warm, generous hospitality. Bright, sunny common rooms are available for reading, piano playing, or just relaxing. Stroll the beautiful inviting grounds - enjoy the swings in the old oak tree in summer, or ski the groomed cross country trails in winter. The house and farm are in an idyllic setting with picturesque perennial gardens and friendly farm animals. Children's activities might include: local pony rides, swimming, fishing, or skating on the pond (adult supervision required).

Always a delight is our elegantly served country breakfast, with our farm fresh eggs, homemade jams, and local produce and herbs when in season.
